Spoke with Greg this am after he left me a voicemail and an email re last weeks ARSG meeting. Wondering whether it is time for us to go meet with Jim/Howard and whether we need to proceed with our communication strategy as we had crafted it. Seems SGC has gotten a little ahead of us.

Good to talk this morning, Martin. Thanks for the call back.

Per your request, transmitted herewith is SGC's internal Communications Sheet, setting forth the persons that were not at the 23 August ARSG Meeting that we have followed up with subsequently. (I have added some handwritten notes, in case some of the names are not immediately familiar to you.) The Sheet also sets forth the message that SGC conveyed. As we discussed, our contacts revealed no concern or apprehension regarding the exchange of information requests by EPA/SGC.

Thanks and regards.
